I KNOW GREAT PEOPLE

Thank you for taking the time to participate in this. My intention is to share information about what people do vs what we think they do. I want to bridge the gap between perception & knowledge as I believe the more we know about ourselves the greater the things we can accomplish. *(I also want to boast about how many cool people I know that are willing to associate with me)*

What is your name, the occupation or pastime that that is the subject of this questionnaire, and how do we know each other? *(If you would like your name location or other identifiers kept out let me know)*

A :

What are 2-3 things someone may like about what you do?

What are 2-3 things someone may dislike about what you do?

Are they any things people do that may be the opposite of what you do?

A :

What are some misconceptions about what you do?

A :

This is about learning. Are there any courses, classes or other things that specifically helped you learn what you do & are there any things you missed that you suggest someone should?

A :

Do you like cheese? If yes, which one(s) and why? If no, why are you such a horrible person? *(Unless you are lactose intolerant or have been somehow cheese deprived into adulthood in which case Digi-hugs for you)*

A :

Anything else to add about what you do? (earnings, cost benefit analyses, trade-offs, relationships etc)

Do you have a question for me?
(If this will be be a recorded conversation, you can submit this question ahead of time or ask it the time of recording)

A :

Do you have a question for anyone else that may answer this questionnaire or may be reading or listening to your answers?
(These can be asked immediately and/or added to the random or requested questions. An example of random question would be " How it is to generally travel to X?" compared to a specific one such as, "How is it being a pilot in X?")

A :

Would you like to take one of the random or requested questions?
(Will be collecting questions & there may be some particular to the topic of this questionnaire)
